

EDUCATION FIRE STATION

BUY A BRICK PROGRAM

Starting in 2008, Palm Harbor Fire Rescue will begin the planning and building phase for a state of the art Fire and Life Safety Educational Center called *Education Fire Station*, a dynamic interactive learning hub for one of the nation's highest fire risk groups, our children. Education Fire Station will be synonymous with an elementary classroom where fire and life safety programs will be taught in a fun learning environment. As the only Fire and Life Safety facility in Pinellas County, Education Fire Station will be seen as a community wide resource and expects to educate a potential market of more than 100,000 children in Pinellas County; as well as reaching beyond that target audience to expand fire and life safety programs to parents, grandparents, teachers, and caregivers. You can be part of this exciting educational program by purchasing a permanent 4" x 8" engraved brick paver for only \$ 100 per brick to help "Promote Safety through Education"!

Yes, we'd like to reserve a permanent brick! Please engrave our brick as follows:
